Chargemasters: Enhancing Revenue & Compliance

Webinar #T4033

DATE AND TIME

April 27, 2017
12:30 - 1:30 p.m. CT

OVERVIEW

A significant percentage of hospital outpatient reimbursement is chargemaster driven. However, many hospitals do not restrict access for making changes to the chargemaster and rely solely on software to analyze and update their chargemaster. Industry feedback has indicated many facilities have not conducted an independent, external review of their chargemaster in 8-10 years. Due to the rapidly changing code sets and reimbursement rules, an outdated or incomplete chargemaster can put your organization at increased risk for loss of revenues, increased denials and compliance risk.

TARGET AUDIENCE

Key stakeholders including compliance, quality and clinical staff.

OBJECTIVES

1. Identify common problem areas within a chargemaster.
2. Discuss strategies for auditing your chargemaster.
3. Identify steps to mitigate risk and promote compliance.

FACULTY

Amy Bailey, CHC, CPC, CPC-H, CPC-1, CCS-P, Principal
Timothy Eaton, COC (CPC-H), Principal
HBE Advisors

Amy Bailey has over 19 years of healthcare experience and specializes in audit, compliance and litigation support services. She is the former Chair of the examination committee for the American College of Medical Specialists and is a member of the Auditing and Monitoring Association. She has published several articles and is a co-author of the American Health Lawyers Compliance Manual. Ms. Bailey has spoken for groups such as the American Health Lawyers Association,

American Academy of Professional Coders, Healthcare Compliance Association, Georgia Hospital Association, Idaho Medical Group Management Association and the Idaho Association of Home Care.

Tim Eaton has over 24 years of healthcare experience and specializes in audit, compliance and revenue cycle, and CDM services. Prior to consulting, he served as both a business manager for a 600-bed teaching hospital, and as a claims analyst for a Medicare contractor. His prior experience gives him an in depth understanding of contractor claims processing systems, Federal laws and Medicare regulations. Tim Eaton is an active member in HFMA, American Academy of Professional Coders, and the Wisconsin Revenue Cycle Cooperative. He currently serves as a compliance resource and has provided education to the Rural Wisconsin Healthcare Cooperative (RWHC). Mr. Eaton and Ms. Bailey have no real or perceived conflicts of interest related to this presentation.
