

Project RED: Follow-Up Phone Call

1. When you left the hospital, did you know and understand the purpose for all the medications prescribed for you?
2. Did you feel that you knew how and when to take each medication?
3. When you left the hospital, were you given written information about your medications?
4. When you left the hospital were you given information about when to seek medical attention, call you primary care physician, or go to the ER?
5. Did you feel that you were able to follow these instructions when you were at home?
6. Did you receive an explanation as to the importance of follow-up with a physician/clinic post discharge?
7. Did you have a follow-up appointment scheduled with your doctor at the time of discharge?
8. Did you feel you received all the answers to any questions you had prior to leaving the hospital?
9. Did you feel there were additional forms of support that would have been helpful when you were discharged from the hospital?
