					<p><i>Proposed AM21 (Wishart): Replaces the bill. Creates a Cannabis Enforcement Department division that is responsible for maintaining a registry of patients who may consume marijuana legally and legally possess 3 ounces or less of marijuana on his or her person, 6 or fewer mature marijuana plants, 6 or fewer seedling marijuana plants, 1 ounce or less of concentrated marijuana, 72 ounces or less of edible marijuana, and 8 ounces or less of marijuana in his or her residence. Any dispensary may distribute cannabis and cannabis products but shall not distribute any cannabis in a form other than those forms allowed under the Act. Producing, processing or dispensing outside of the act or submitting false documents under the act is a Class IV felony. Creates a Medical Cannabis Board, with 9 members, 7 appointed by the Governor and approved by majority of the legislature, with at least 1 person from each congressional district, at least 1 person who is employed by a law enforcement agency, at least 1 person licensed to practice medicine and surgery, and at least 3 persons who are advocates for the use of cannabis. States that cannabis constituted under this act, for purposes of the act, does not constitute a drug. Requires enrollment application to the department for enrollment in the registry program by submitting an application. Prior to the enrollment in the registry by a patient, a participating health care practitioner must determine whether a patient suffers from a qualifying medical condition and if so provide the patient with a written certification. Health care practitioners are not required to participate under the act by providing recommendations, limitations, or restrictions on dosage. The division shall register up to 10 producers, processors, and dispensaries in each congressional district in Nebraska for the production and processing of all cannabis within Nebraska by Nov. 1, 2020. Requires the department adopt and promulgate rules for dispensaries to begin dispensing cannabis to patients in the registry program and public notice of the proposed rules before May 1, 2020. If all jurisdictions in a congressional district prohibit producer operations, the department may register additional producers in another district. Producers, processors, and dispensaries many not employ those under 21. Schools or landlords may not refuse enrollment or lease to a person based on enrollment in the registry program. Requires revocation of registry for cardholder selling cannabis to a person who is not allowed to possess cannabis under the act. An individual selling cannabis to any person other than a patient, nonresident cardholder, registered designated caregiver, or, if listed on the registry verification, may be prosecuted. Application fees as a producer, processor, or a dispensary are \$25,000 and there should be an annual fee not to exceed \$40,000, for the costs of regulating and inspecting. Requires department to adopt and promulgate rules to establish requirements for law enforcement and health care professional to report an adverse event involving cannabis to the department.</i></p>

LB518	Linehan	Support	Health and Human Services 03/06/2019	General File 03/25/2019	<p>Adopt the Support for Trafficking Survivors Act</p> <p><i>Establishes the Office of Support for Trafficking Survivors within DHHS, which is to oversee and support the programs in this act and coordinate and monitor the department's efforts, other agencies, and funding related to human trafficking. Creates the Support for Trafficking Survivors Advisory Board to award grants and create a state plan for support and services for trafficking victims. Sets out requirements for membership of the board to include survivors of trafficking, representatives of service providers, representatives of child advocacy centers and law enforcement, a county attorney with experience working with sex trafficking victims, an expert in behavioral health, as well as non-voting members from non-profits and other state agencies, including the Attorney General's Office. Provides for no compensation for the board members but allows reimbursement for their expenses. Gives board the power to create and review state plans to respond to and prevent human trafficking. Requires board to establish a competitive grant program in support of the state plan. Allocates funds in the Support for Trafficking Survivors fund to programs that identify, prevent, and respond to human trafficking. Establishes requirements for programs receiving grant money including that they use trauma-informed and victim-centered approaches, ensure case management is provided, inform victims of their option to work with the criminal justice system, and maintain confidentiality. States intent to appropriate \$450,000 from the General Fund to the Support for Trafficking Survivors Fund for each the next two fiscal years in order to implement the Support for Trafficking Survivors Act and \$50,000 in each of the next two years to the Human Trafficking Investigation Assistance Fund, administered by the Crime Commission to provide funding to state and local law enforcement for investigations, operations, and prosecution of sex trafficking.</i></p> <p><i>Proposed AM899 (Health and Human Services): Replaces the bill. Strikes the appropriations for the two Funds. Without the appropriations, the competitive grant program for supportive services for victims and all related requirements are contingent on public or private funding becoming available, and language is inserted in several sections accordingly. Removes the reference to the start of the grant program. The reporting requirement and requirement that the board contract with an independent consultant to evaluate the state plan are also made contingent on funding. Amends the Funds created in LB518. Under AM899, the existing Human Trafficking Victim Assistance Fund would become the fund for supportive services and treatment for victims of human trafficking, replacing the Support for Trafficking Survivors Fund that was newly created original bill. Under AM899, the Sex Trafficking Investigation Assistance Fund would be newly created to reimburse state or local law enforcement for expenses associated with victim-centered, trauma-informed investigations, operations, or prosecutions. It will be administered by the Nebraska Commission on Law Enforcement and Criminal Justice. AM899 removes the anti-discrimination provision for grantees. Removes the coordinator required for the Office of Support for Trafficking Survivors and removes that position from the Advisory Board. Under AM899 the board will elect a chairperson.</i></p>

					<p>-Incorporates provisions of LB557 with some changes: inserts a new subsection defining practitioner to include physicians, physician assistants, dentists, pharmacists, podiatrists, optometrists, and various advanced practice nurses (excludes hospitals and veterinarians, originally proposed in LB557). Changes a practitioner's duty to consult with a patient about the risks related to a controlled substance; rather than have that conversation before the initial prescription and the third prescription, the bill instead requires the conversation if it has not been had in the last 60 days. Allows other members of the patient care team who are under the direct supervision of or in consultation with the prescribing practitioner to have the conversation about risks with the patient. Adds a subsection to clarify that the duty to have this conversation does not apply to a prescription given for a hospice patient or for the course of treatment for cancer or palliative care.-ADOPTED 4/8/19</p> <p>LB557 amended into LB556.</p>
LB557	Lindstrom	Support	Health and Human Services 02/13/2019	In Committee 01/24/2019	<p>Change provisions relating to prescriptions for controlled substances</p> <p>Requires the prescribing practitioner involved in the course of treatment as the primary prescribing practitioner or as a member of the patient's care team who is under the direct supervision or in consultation with the primary prescribing practitioner to discuss with the patient the risks of controlled substances and opiates, unless such conversation has already taken place within the last 60 days. Does not apply to hospice, cancer, or palliative care treatment. For purposes of the requirement above and the limitation on prescriptions for patients under 18 years of age, prescribing practitioner includes: physician, a physician assistant, a dentist, a veterinarian, a pharmacist, a podiatrist, an optometrist, a certified nurse midwife, a certified registered nurse anesthetist, a nurse practitioner, a scientific investigator, a pharmacy, a hospital, or any other person licensed, registered, or otherwise permitted to distribute, dispense, prescribe, conduct research with respect to, or administer a controlled substance in the course of practice or research in this state, including an emergency medical service.</p> <p>LB557 amended into LB556.</p>

LB569	Morfeld	Monitor	Banking, Commerce and Insurance 03/05/2019	In Committee 01/24/2019	<p>Adopt the Out-of-Network Consumer Protection, Transparency, and Accountability Act</p> <p><i>Prior to scheduling an appointment for a nonemergency procedure, a health care facility shall disclose to the person whether the health care facility is in-network or out-of-network with respect to the person's health benefits plan and advise the person about certain insurance matters, including that "unless the covered person, at the time of the disclosure required pursuant to this subdivision, has knowingly, voluntarily, and specifically selected an out-of-network health care provider to provide services, the covered person will not incur any out-of-pocket costs in excess of the charges applicable to an in-network procedure." Requires health care facilities to post on their website: the health benefits plans in which the health care facility is a participating health care provider; a statement that physician services provided in the health care facility are not included in the facility's charges; and a statement that health care providers who provide services in the health care facility may or may not participate with the same health benefits plans as the health care facility. Requires disclosures of the health care provider. Provides that if a covered person receives medically necessary services at any health care facility on an emergency or urgent basis as defined by EMTALA, the facility shall not bill the covered person in excess of any deductible, copayment, or coinsurance amount applicable to in-network services pursuant to the covered person's health benefits plan. If inadvertent out-of-network services or services provided at an in-network or out-of-network health care facility on an emergency or urgent basis are performed, the out-of-network health care provider may bill the carrier for the services rendered. The carrier may pay the billed amount or notify the health care provider within 20 days that the carrier considers the claim to be excessive; the carrier and the health care provider then have 30 days to negotiate a settlement.</i></p>
