### Course Curriculum

Leading a health care organization is a team sport. It is essential that members of the Leadership Team understand their role of governance, their responsibilities and what it takes to effectively run a healthcare organization. During this webinar will address the important essentials of effective governance and the ever-increasing focus on the top tier of healthcare leadership by regulatory agencies.

### Speaker Bio:

Pat manages Courtemanche & Associate's business development initiatives and provides consulting services and support. With her extensive healthcare experience, Pat serves as a knowledgeable resource to new and existing clients, helping to guide them through their accreditation and regulatory needs. A Registered Pharmacist, Pat has nearly four decades of healthcare administrative and regulatory experience. Her career in healthcare began within Pharmacy Services where she served in multiple leadership positions including Drug Distribution Supervisor, Assistant Director of Pharmacy and Director of Pharmaceutical Care. Her experience with regulatory compliance, licensure and accreditation spans over 25 years and involved survey coordination and survey readiness and response across hospital, long term care, ambulatory care, behavioral health, and home care practice settings.
