## The Joint Commission Staffing Effectiveness

Webinar #T2968

### DATE AND TIME

June 4, 2015

9:00 a.m. - 10:00 a.m. CT

### OVERVIEW

Everyone is trying to improve care and justify staff. Sandy Burke will teach you how to accomplish this. Attendees will learn how to connect the relationship between staffing and positive outcomes. The nursing department is required to meet staffing effectiveness standards, but any manager, in any department, that is concerned with improving efficiency, care delivery and maintaining staff will find this program valuable. Staffing effectiveness has applicability across all departments and produces important outcomes.

### TARGET AUDIENCE

CEOs, COOs, CNOs, nursing leadership and staff nurses.

### OBJECTIVES

1. Review staffing requirements.
2. Discuss the staffing effectiveness standards.
3. Examine applicability of the requirement.
4. Evaluate outcomes for application.

### FACULTY

**Sandra M. Burke, BSN, RN, MPH, LHRM**

Temple Terrace, Florida

Sandy Burke has extensive experience in all levels of health care. In addition to being president of her own company, Sandy brings outstanding experience as a nurse executive, administrator and risk manager. She also has experience in patient safety and performance improvement. Ms. Burke is the Clinical/The Joint Commission (TJC) Consultant for the Florida Hospital Association. She previously served as consultant and faculty for Joint Commission from 1989 to 2004. She taught a wide range of programs for The Joint Commission Department of Education Programs and was consistently rated the highest of all faculty. Ms. Burke is the patient education consultant for the Veterans' Administration National Center for Patient Education. In 2009-2010, she was the consultant who developed the Veterans' Administration national template for medical staff bylaws. She has published *Patient Care Trainee-Educational Employment*, and her research has included a grant from Abbott Laboratories and work with the University of Florida in Perceptions of Education.
