# 2022 Quest for Excellence Awards

Nebraska's Health Care Providers: Leaders in Quality

As a means of recognizing outstanding work in hospital quality and performance improvement in the State of Nebraska, the Nebraska Hospital Association, Nebraska QIO, COPIC, the Nebraska Health & Human Services' Office of Rural Health and the Nebraska Association for Healthcare Quality, Risk and Safety have come together to solicit applications for the *Quest for Excellence* Award. This award is presented during the Nebraska Hospital Association Annual Convention, which is held in the fall.

The *Quest for Excellence* Award is presented by these organizations to two Nebraska hospitals and one Rural Health Clinic each year to recognize their achievements in improving health care delivery in the areas of quality, performance, and patient safety. Created in 2004 to recognize hospitals' individual and independent efforts, the award is designed to showcase **innovative, exemplary, and reproducible models** of patient care to the health care community.

The need to demonstrate quality improvement is here... so is this incredible opportunity. Why not take the challenge? Regardless of your organization's past success, when you submit your application for the *Quest for Excellence* Award, you take another step toward quality and performance excellence.

## Statement of Purpose

The *Quest for Excellence* Award recognizes outstanding efforts to improve hospital and clinic quality and patient care for the people of the State of Nebraska. The award represents the highest level of professional acknowledgement in Nebraska's hospital and clinic quality improvement arena. The goal of the award is to:

- Recognize outcomes in quality performance practices, capabilities, and results.
- Facilitate communication and sharing of best practices information among hospitals and clinics in Nebraska.
- Stimulate innovation, knowledge and learning in the creation of strategies, systems, and methods of achieving quality excellence in health care.

## Application Content

To participate in the *Quest for Excellence* Award, an organization must submit an application that addresses the criteria listed below. Entries will be judged by a panel from the five sponsoring organizations. Eligible hospitals and clinics must be able to demonstrate measurable and quantifiable quality improvement. All project descriptions must be double-spaced in 12-point type with 1-inch margins. The document length is limited to 10 pages (excluding cover page). Additional supporting documentation of up to 5 pages may be attached. Only one entry per facility is allowed. Include a cover sheet with the following information:

- Name of organization
- Organization address
- Contact name and e-mail address
- Telephone/fax numbers
- Submission date
- Topic

Submit your entry via email and postal mail.

### 1) Email (Word document, not PDF)

An electronic version of your application and poster (via PowerPoint Template), must be emailed to [mwoepfel@nebraskahospitals.org](mailto:mwoepfel@nebraskahospitals.org).

## **2) Postal mail eight (8) copies**

Return via mail no later than August 4, 2022, to:  
Margaret Woepfel, Vice President, Quality & Data  
Nebraska Hospital Association  
3255 Salt Creek Circle, Ste. 100  
Lincoln, NE 68504-4778

Please include the following categories as you describe your quality improvement activities – include all five categories in your application paper:

### **Criteria 1 – Leadership/Planning (10 points)**

Describe how hospital/clinic leadership guides and sustains your organization by establishing organizational vision, values, and performance expectations, with a focus on patients, quality improvement, learning, and managing for innovation. Describe how this project is consistent with your strategic plan.

### **Criteria 2 – Process of Identifying Need (15 points)**

Describe the need in your facility for this initiative; describe why you selected this project and what methods you used to identify the need, e.g., patient/staff/physician satisfaction surveys. What steps did you take to meet your patients' expectations and requirements? How will this initiative improve the quality of care provided to your patients and your community? Did you integrate your patient/family engagement team? Describe your facility specific issues, as well as providing any applicable national benchmarks or standards.

### **Criteria 3 – Process Improvement Methods (30 points)**

Describe who was involved in the improvement effort, methodology used (PDSA, LEAN, Six Sigma, etc.), how the data was collected, and the process that was used to achieve the results. Describe how you used the data and information to guide your process improvement efforts. This may include clinical, financial, and other data such as satisfaction surveys.

### **Criteria 4 – Results (30 points)**

Describe the results including the patient outcomes, process changes and service delivery results, the financial and market performance improvements, leadership, or community improvements that occurred because of this project. **Projects that demonstrate creativity and innovation will be given greater consideration.**

### **Criteria 5 – Lessons Learned, Replicability, Sustainability (15 points)**

Describe the lessons learned from this project; describe how you applied what was learned from this project to other areas in your facility; describe how other facilities could replicate what you did; describe your plans to sustain your gain.

### **Poster**

In addition to your application, please complete the poster template within the attached PowerPoint slide (template example below). The slide will be used to create a poster that will be showcased at the NHA Quality Conference. For submission, the PowerPoint should be included in the email but not included in the mailed submission.
