

**WEBINAR**

## **Coding: Essentials to Influencing Morbidity and Mortality Reporting**

Learn about coding and documentation's role in risk adjustments for morbidity and mortality reporting.

Date: **Wednesday, January 22, 2020**

Time: **12:00 – 1:00 p.m. CT**

Speaker: **Nelly Leon-Chisen, RHIA, Director of Coding and Classification, AHA**

### **Learning Objectives**

- Discuss what is risk adjusted mortality/morbidity and the role of documentation and coding
- Explain how correct coding can reflect differences in patient's severity of illness
- Review ICD-10-CM Official Coding Guidelines related to coding of secondary diagnoses
- Identify common secondary diagnoses and how the appropriate ICD-10-CM codes are associated with increases in morbidity risk categories

### **Target Audience**

Nursing, Quality, Managers, Coders

### **Cost**

NO COST to NHA HIIN hospital members

### **Register**

To register, contact [Dana Steiner](#). Please include Hospital, Contact Name and email and number of local participants. Each hospital will be limited to one connection.
