

CMS CoP Update for Hospitals: 2017 Update - Part 4

Webinar #T4015

DATE AND TIME

March 21, 2017

9:00 - 11:00 a.m. CT

OVERVIEW

This four-part webinar series will cover the entire Centers for Medicare and Medicaid Services (CMS) Hospital Conditions of Participation (CoPs) manual. This is a great way to educate employees in your hospital on the sections of the CMS hospital manual that apply to their departments. Every hospital that accepts Medicare or Medicaid must be in compliance with these regulations and interpretive guidelines.

Part 4 of this series will focus on guidelines for infection control, discharge planning, organ, tissue and eye procurement, surgical and anesthesia services, outpatient and emergency services, and physical environment.

TARGET AUDIENCE

Anyone involved with compliance regulations and standards, including, but not limited to, CEOs, CMOs, CNOs, physicians, nurses, quality improvement and risk management staff, infection control staff, performance improvement coordinators, emergency department staff, pharmacy, laboratory and medication management staff, emergency preparedness staff, compliance officers and legal counsel, ethics committee members, consumer advocates, TJC liaisons, safety officers, behavioral health and psychiatric staff, and case managers.

OBJECTIVES

1. Discuss the CMS requirements for infection control policies.
2. Identify the CMS guidelines in which a patient should be given a written list of available home health and long term care (LTC) facilities and how this should be documented in the medical record.
3. Identify the finalized discharge planning worksheet.
