Are You Keeping your Medicare Managed Care Contract Promises? Understanding Federal “FDR” Compliance Obligations

Webinar #020917-WI

DATE AND TIME

February 9, 2017
12:00 - 1:15 p.m. CT

OVERVIEW

As the federal government looks to enhance its enforcement efforts related to oversight failures by Medicare managed care plans of “first tier” and “downstream” and “related” (FDR) entities, providers are well-advised to consider how and whether their compliance efforts “measure up” to applicable standards. Most hospitals do not even realize they are an “FDR” under the Medicare Part C and D program, or that they are obligated to meet detailed federal compliance program obligations that meet or exceed what many view as current best practices for the provider industry. Because these requirements are not well understood by those who negotiate managed care agreements, many providers are not in compliance with the terms and conditions of their Medicare Advantage contracts or may be attesting to standards they do not meet. This webinar will focus on explaining the Medicare managed care program compliance program requirements for “first tier” and “downstream” and “related” entities; will share practical strategies for addressing compliance; and discuss strategies for effectively negotiating compliance program provisions in managed care agreements.

TARGET AUDIENCE

CEOs, COOs, CFOs, compliance officers, physicians, risk managers, legal counsel, board members.

FACULTY

Heather Fields

Reinhart Boerner Van Deuren, s.c.

Heather Fields is the chair of the Hospital and Health System Practice Group for the Health Department at the law firm of Reinhart Boerner Van Deuren. Fields regularly represents

hospitals and health systems and counsels them on a variety of regulatory, governance, and compliance issues including HIPAA and data privacy and security issues. She is a frequent presenter at national conferences and forums, including the American Health Lawyers Association and the Health Care Compliance Association. She also speaks regularly on behalf of the HIPAA Collaborative of Wisconsin on privacy and security issues.

Nicole Dermer

Reinhart Boerner Van Deuren, s.c.

Nicole Dermer is an attorney in Reinhart Boerner Van Deuren’s Health Care Practice, where she provides regulatory, transactional, and compliance-related counsel to health care organizations such as hospitals, health systems, physician groups, and other health care providers. She has significant experience with HIPAA compliance, governance, medical staff issues, compliance programs, tax-exempt regulations and physician contracting. She also advises health care clients on fraud and abuse laws, including the Stark Law, the anti-kickback statute and the False Claims Act, and works with health care providers to resolve fraud and abuse issues arising out of physician relationships.

PRICE

\$195 per connection.

Note: The fee is for one phone line with unlimited participants. For example, 10 employees can participate for only \$19.50 ea!
