

# THROUGHPUT SURVEY REPORT SEPTEMBER 2025

The Nebraska Hospital Association, with input from its members, has created the following report highlighting the challenges with placing post-acute patients in our state. This report highlights the total number of patients awaiting post-acute placement – analyzed by differing data points. Addressing transition delays and optimizing the flow of patients continues to be a priority for the NHA and its members.

## LB227 Overview:

- ✓ Provides a per diem Medicaid reimbursement to a hospital for a Medicaid patient who is eligible for discharge, but is unable to be transferred
- ✓ Directs DHHS to rebase inpatient interim per diem rates for CAHs
- ✓ Allows LTACHs to be eligible for Medicaid funding
- ✓ Creates a pilot program that provides financial incentives to post-acute facilities to accept patients with complex health needs

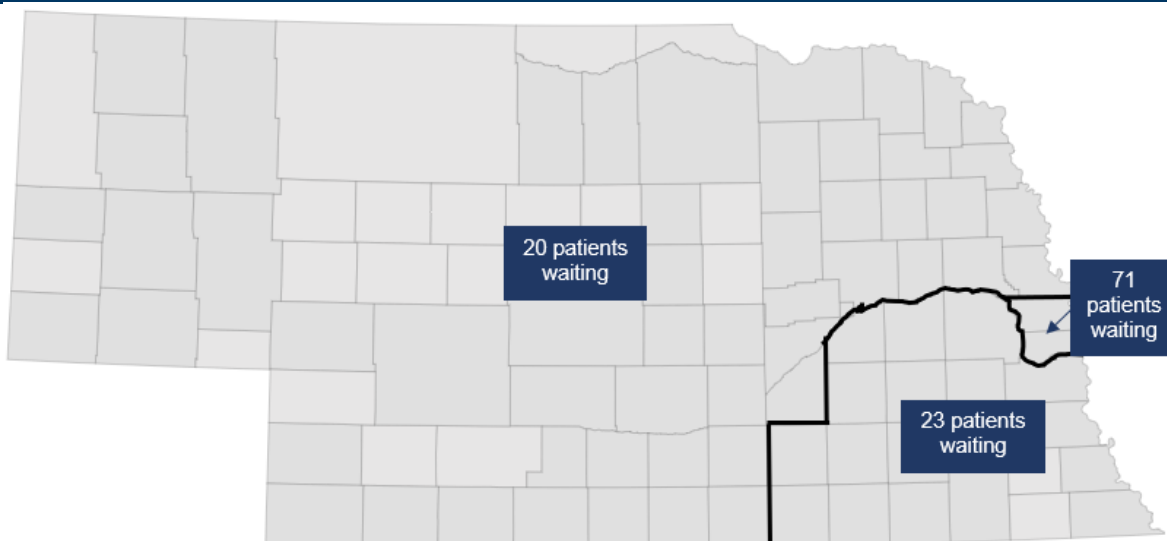

Patients Awaiting Discharge > 7 Days in Nebraska Hospital

1:1 Supervision	24
Geriatric Psych	6
BH Needs	12
Dementia Care Needs	6

Please note that survey respondents may not have answered every question. The charts and tables in this report are based on the number of responses to each specific question.

## Nebraska's Current Long-Term Care and Assisted Living Facility Status

Closures  
(2017-2025),  
(41) 18%

Over the past five years, more than 500 long term care facilities have closed nationwide.

As nursing homes and other post-acute settings provide critical services and support for our Nebraska patients, it is crucial that we work towards providing a smooth transition across the care continuum.

# 60%

of Nebraska nursing home residents rely on Medicaid to pay for their care.

Closures  
(2017-2025),  
(32) 10%

# 3

Nebraska nursing homes have closed in 2025

# 2

Nebraska assisted living facilities have closed in 2025
