Export Data

Generate your own data set and export it for further usage. Data that can be exported from the site will have an option at the bottom of the section. Data can be exported in either Excel, Word, or PDF Format.

Choose the Right Mode

Summary mode displays all available information for that area, industry, or occupation.

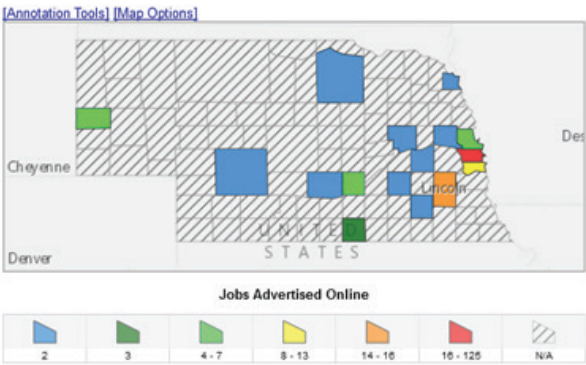

Narrative mode provides an easy-to-read text summary of the data.

Detail mode focuses on one specific attribute (wages, projected employment, etc).

Comparison mode allows you to choose two areas, industries, or occupations and study the different characteristics of each.

Create Maps and Graphs

In the Display Options, check the boxes for Graphs or Maps. To zoom in on maps, use the + and - signs. Check Map Options and Annotation Tools for more settings.

Print graphs or export to JPEG, PNG, SVG, or PDF format.

Data Sources

Data on the NEworks site comes from a variety of sources, including BLS programs, the US Census Bureau, and online job postings. Be aware that data from online job postings is not gathered by the Department of Labor and is for informational use only. Such data should not be used for analysis or reporting.

Labor market information opens a world of opportunity for job seekers. Find out what a particular job typically requires each day, what training is needed to perform the job, how much it pays on average in Nebraska and beyond, and what the future outlook is for the job.

Services for Individuals

Link to a wide variety of services such as career, job seeker education and labor market information. Services for special populations such as senior, youth, and veterans are also included. Staff-provided services display local career center contact information for individuals seeking in-person assistance.

Other Services

Use the Assistance Center to view the site map, search the website, email a question, or seek help with your username and password.
