## Convenient health care education

**The NHA Foundation provides educational opportunities that enable its members to remain current and respond to the latest information and advances in health care**

The Nebraska Hospital Association Research and Educational Foundation provides not only quality on site educational programs, but also a wide variety of other services such as online webinars, training products and publications to assist health care providers in meeting state and federal regulations, maintaining quality delivery of patient care, and improving health and wellness. We strive to maintain an excellent grasp on health care issues and be adept at anticipating member education needs. As an Association, we are continually working to identify partners in education who offer the content, expertise and communication skills necessary to teach professional adults in an effective manner.
