Data is nothing more than sets of
number or words.

With appropriate analysis, data
become information that provides
the basis for informed decisions.

Quality Payment Program Submissions Overview

Quality Payment Program Changes for EHRs

Before QPP

- Export performance data from an EHR and then manually upload to CMS via the QualityNet or PQRS Portal

QPP Year 1 2017

- **Preferred method:** Use an EHR that integrates **directly** with CMS via an API to submit your data
- **Alternate method:** Export performance data from an EHR in the new QPP data format or the QRDA III format then manually upload via the new Quality Payment Program Website

Beginner

- Spreadsheets
- PC based databases

Early Stage

- Centralized Data Repositories
- Data Warehouse/Big Data

Operational

- Departmental Metrics
- Data Governance

Advanced

- Automated Reporting
- Modeling and predictive analysis

Visionary

- Analytics culture and mindset
- Widespread usage

"See how the vegetation has been trampled flat here, Jimmy? That tells me where a deer bedded down for the night. After a while, you'll develop an eye for these things yourself."

Using data to make decisions.
What a novel idea.
